

Deed Restriction Committee

Last March the Deep Creek Section 23 Board of Directors appointed a Deed Restriction committee for the purpose of reviewing and updating our Deed Restrictions and policies. Since that time the committee has recommended a number policy changes which have been adopted by the Board. The updated policies along with the current Deed Restrictions can be viewed on the Section 23 website www.section23poa.com in the Documents section.

The Deed Restriction committee meets on a monthly basis and encourages Section 23 property owners to contact the committee with any suggestions or concerns they might have. Comments via email can be sent to: info.sec23poa@comcast.net or contact the POA office at [\(941\) 764 6674](tel:(941)7646674)

Landscape Requirements

Because Section 23 has landscape requirements which are listed under documents on this website, many home owners are often in a quandary as to what to plant, what will work well in southwest Florida and the best way to make sure plants and trees stay healthy. We have an excellent resource right here in the Deep Creek Civic Association Garden Club:

<http://www.deepcreekcivic.org/garden-club/>

Here is another excellent resource:
